AMENDMENT

Sir:

Applicant is in receipt of an office action regarding this case which was mailed on October 14, 1999. Please amend the application as follows.

In the Claims:

Please amend as follows:

11. (Amended) A pneumatically driven electric power generator according to claim 1 wherein said means [disposed on said pneumatically driven electric power generator] engaging said piston for biasing said piston from said second position to said first position is a spring.

12. (Amended) A pneumatically driven electric power generator according to claim [1] 6 wherein said [spring] means engaging said piston for biasing said piston from said second
